Background	<p>Currently, MPG Article 5 Section 19 instructs staff to evaluate an aged or disabled individual for eligibility to the A & D FPL Program prior the Aged, Blind, or Disabled (ABD) Medically Needy (MN) Program. Additionally, MPG Article 19 Section 1 specifies an exception to the standard order of evaluation by allowing an ABD individual to revert to an ABD aid code (AC) instead of Section 1931(b) if the individual expressed that he/she is unable to obtain the medical services previously obtained under the ABD AC.</p>
-------------------	---

With this letter, the order of evaluation for the A & D FPL program is updated to allow an aged or disabled individual to receive zero SOC Medi-Cal, under either the A & D FPL Program or the ABD MN Program per clarification issued by the Department of Health Care Services (DHCS). Furthermore, the exception to the standard order of evaluation relating to 1931(b)/ABD individuals and managed care plan is removed to comply with the ACWDL. Lastly, the State Programs (SP), formerly known as Disability and Adult Programs Division (DAPD) is now known as the Disability Determination Service Division (SP-DDSD).

 - Section 1931(b)

Removal of Exception to Standard Order of Evaluation for 1931(b)/ABD Individuals

The exception to the standard order of evaluation as specified in MPG Article 19 Section 1, which allows an ABD individual to revert to an ABD AC instead of Section 1931(b) if he/she expresses difficulty in obtaining consistent Medi-Cal care, is removed from the MPG.

An ABD individual who is determined eligible to Section 1931(b) must be aided under the appropriate Section 1931(b) AC.
